## Noticeboard

### Weekly Information Bulletin

The next Bulletin will be published on Saturday 17 March 2007

### Budget Statement

The Chancellor of the Exchequer will deliver the Budget Statement on Wednesday 21 March 2007

### Private Members' Bill Fridays

The Leader of the House has announced that the following Fridays have been allocated for the consideration of Private Members' Bills during the 2006/07 session:

2007: 19<sup>th</sup> & 26<sup>th</sup> January, 2<sup>nd</sup> and 23<sup>rd</sup> February, 2<sup>nd</sup>, 9<sup>th</sup> and 23<sup>rd</sup> March, 20<sup>th</sup> and 27<sup>th</sup> April, 18<sup>th</sup> May, 15<sup>th</sup> and 29<sup>th</sup> June, 19<sup>th</sup> October.

### General Committees

There has been a substantial change to committees in the House. Standing Committees now come under the heading of General Committees. Standing Committees that would have considered public bills are now a form of General Committee called Public Bill Committees. They will be named after the Bill that they consider, e.g., the Welfare Reform Bill Committee. These committees will have the power to take evidence from bodies outside of Parliament.

These changes have required some changes to the pages formerly titled Standing Committees. We have tried to make these changes as clear as possible. Please let us know if you encounter any difficulty in following the information provided.

### Draft Bills under consideration or published during 2006/07 Session

As part of the reforms to the legislative process initiated by the Modernisation Committee, the government now publishes a number of bills each session in draft form, before they are introduced into parliament as formal bills. This enables consultation and pre-legislative scrutiny before a bill is issued formally.

Increasingly, it had become the practice in recent sessions for the House to refer these to a joint committee of the Commons and Lords appointed for the specific purpose of examining and reporting on a named draft bill. On occasions a draft bill may be referred to one of the departmental select committees or a select committee appointed for that specific purpose.

Listed below are draft bills that are currently under consideration or that have been published during the 2006/07 Session of Parliament. Further information on draft bills, including those from previous sessions can be viewed on the Parliament website at <http://www.parliament.uk/bills/draftbills.cfm>. This page links to electronic copies of the draft bills and related publications including select committee reports on the draft bills.

### Complete List of Private bills before Parliament this Session

The following is a list of Private Bills before Parliament. Private Bills originate outside Parliament and are promoted by bodies seeking special powers not available under the general law. Each Bill starts with a petition to Parliament from the promoter for leave to bring in a Bill; this must be deposited on or before 27 November. Any such petitions will be noted below until they gain a 1<sup>st</sup> Reading.

Parties affected by a Bill may present a petition against it, clearly stating the grounds of their objection. The petitioning period will be shown beneath the Bill until the deadline has expired.

## Delegated Legislation

### Statutory Instruments

The most common form of delegated legislation, or secondary legislation, is Statutory Instruments. Those requiring parliamentary approval are subject to either the affirmative or negative procedure: this is explained in HCIO Factsheet L7.

The laying of Orders before the House of Commons is recorded in the Statutory Instrument List published by the Journal Office: <http://www.publications.parliament.uk/pa/cm/cmsilist/cmsilist.htm>. This list records when Orders were laid and in the case of affirmative instruments, whether a motion for their approval has been tabled. In the case of Negative Instruments, the number of praying days left (in which a motion calling for the instrument to be annulled may be laid) is noted.

### Regulatory Reform Proposals and Orders: Proceedings as at 9 March 2007

Under the Regulatory Reform Act 2001 (s 6(1)) the Government is able to make Orders to amend or repeal provisions in primary legislation, which are considered to impose a burden on businesses or others, which could be reduced or removed without removing any necessary protection.

For an explanation of Parliamentary consideration of Regulatory Reform Orders, see **HCIO Factsheet No L7**

Committee recommendation:

- a) a draft order in the same terms as the proposal should be laid before the House
- b) proposal should be amended before a draft order is laid before the House
- c) the order-making power should not be used in respect of the proposals
- d) draft order should be approved † indicates Committee's recommendation was agreed after a division
- e) draft order should not be approved
- \* indicates stage taken formally, no debate
- # indicates report issued following amendments to draft order

## Northern Ireland Legislation: proceedings as at 9 March 2007

The Northern Ireland Assembly was suspended from midnight on 14 October 2002. During suspension, legislation, which would otherwise have come within the competence of the Assembly, may be made by Order in Council under Schedule 1 to the Northern Ireland Act 2000. The 2000 Act is also currently being used to make Orders in Council which, while the Assembly was active, would have been made under section 85 of the Northern Ireland Act 1998 (Orders making provision for certain reserved matters, for example the criminal law).

Unless made without Parliamentary Approval by reason of urgency, draft Orders in Council must be approved by a resolution of both Houses before being made (affirmative procedure). Orders in Council made before Parliamentary approval by reason of urgency (**U**), must be approved by both Houses within 40 days of being made.

Some UK Acts, for example dealing with social security or pensions, provide for corresponding provisions to be made for Northern Ireland by means of an Order in Council under the 2000 Act, subject to annulment in pursuance of a resolution of either House (negative procedure (**N**)), rather than by the normal affirmative procedure.

Where appropriate, proposals for draft Orders in Council are issued for public consultation and on occasions may be considered by the Northern Ireland Grand Committee (**G**), before the draft Order is laid. Prior to formal approval being sought on the floor of the Commons, draft Orders are normally considered in a Delegated Legislation Committee (**D**) or, less frequently, by the Northern Ireland Grand Committee. The Northern Ireland Orders Grand Committee (**O**) would also, from time to time, consider a draft Order before formal approval is sought on the floor of the Lords.

## White Papers and Green Papers received since last Bulletin

**WHITE PAPERS** are issued by the Government as statements of policy, and often set out proposals for legislative changes, which may be debated before a Bill is introduced. Some White Papers may invite comments.

**GREEN PAPERS** set out for discussion, proposals which are still at a formative stage.

All CONSULTATIVE and DISCUSSION documents which reach the House of Commons Information Office are included in this section. Inclusion in the Bulletin is for record purposes.

Not all discussion papers are published and put on general release: some are sent only to a predetermined list of consultees. This is a matter solely for the Department concerned.

Papers to which an ISBN and price are appended are normally available through The Stationery Office. For others, application should be made to the department concerned. External links provided in this section are correct as at the time of going to press, however they are not updated after that date.
